## Performance Fibers

### THOR•LON® Acrylic

THOR•LON® trademark acrylic yarns are exclusively developed for our Thórlo<sub>s</sub> construction. "Trapped" perspiration in the shoe environment tends to "flatten" or crush down common acrylic yarns. THOR•LON® acrylics are specially spun to

maintain both softness and resilience, which maximizes foot comfort, blister protection, and product durability.

---

### Wool/THOR•LON®

This performance fiber blend is intended for active cold climate use. Designed for improved blister protection and comfort without sacrificing significant insulating properties of natural wool. The addition of 50% THOR•LON® acrylic

improves loft, resiliency and greatly enhances moisture management qualities that 100% wool yarns alone cannot provide.

---

### CoolMax®

CoolMax® is a unique four-channeled cross section fiber that produces a soft, cotton-like yarn with such superior moisture transport qualities that skin temperatures prove perceptibly cooler in comparison yarn testing. Thórlo<sub>s</sub>

with CoolMax® provide excellent blister protection while keeping you comfortably cool.

---

### Thermolite®

Thermolite® is an excellent wicking fiber designed with an air-trapping, hollow cross section that produces amazingly warm and comfortable OUTDOOR and SKI Thórlo<sub>s</sub>.

Thermolite® protects against over-heating and keeps you warm even when wet with perspiration.

---

### Nylon

Introduced by DuPont in the 1940's as a "miracle" fiber, stretch nylon makes everything we do possible. Multiple size ranges, good fit and shape retention, along with durability, are key contributions made by various types of continuous filament nylon.

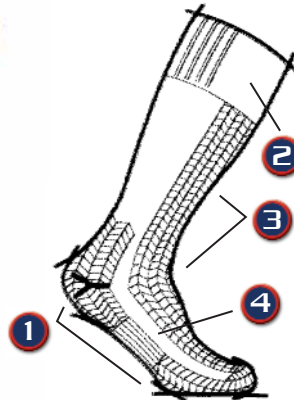

65A Contract Number: 65-07F-5466P

This product is designed to enhance mobility and maintain foot health under extreme field operations.

- 1 Extra THOR•LON® in heel and ball provides more density in the padding to protect against shear and impact forces.
- 2 THOR•LON® and spandex provide more stretch, better fit and help to keep sock in place.
- 3 Extra THOR•LON® in lace and shin pads protect foot and leg against lace pressure.
- 4 Ventilation panel improves fit and wicking.

www.thorlo.com • ©THOR•LO, Inc.

This product is designed to reduce foot and leg fatigue caused by extensive walking and standing.

- 1 Extra THOR•LON® in heel and ball provides more density in the padding to protect against shear and impact forces.
- 2 Padding at the heel protects against impact and abrasion commonly caused by heel slippage.
- 3 Stretch nylon helps keep sock in place.
- 4 THOR•LON® leg with added spandex provides more stretch for a better fit.
- 5 Flat knit construction for maximum ventilation and better fit.
- 6 Low-density padding in arch for a more snug fit.

WDB Fiber Contents: 74% THOR•LON® Acrylic, 21% stretch nylon, 5% spandex

65A Contract Number: 65-07F-5466P

This product is designed to avoid irritating sensitive skin by using no dyes in the toe area.

- 1 Extra THOR•LON® in heel and ball provides more density in the padding to protect against shear and impact forces.
- 2 THOR•LON® and spandex provide more stretch, better fit and helps to keep sock in place.
- 3 Flat knit at instep and lightweight padding in the arch improves fit.
- 4 White THOR•LON® is used in toe area to prevent sensitive skin irritation.

WSXL Fiber Contents: 86% THOR•LON®, 10% stretch nylon, 4% spandex  
 WSX Fiber Contents: 86% THOR•LON®, 12% stretch nylon, 2% spandex

This product is designed to provide cushion and warmth against toe plates found in many work boots and shoes.

- 1 Extra THOR•LON® in heel and ball provides more density in the padding to protect against shear and impact forces.
- 2 THOR•LON® and spandex provides more stretch, better fit and helps to keep sock in place.
- 3 Lightweight lace pad protects top of foot against lace pressure.
- 4 Heavyweight padding over toe cushions and helps protect toes from abrasion caused by safety toe cap.

WLST  
CREW

WLST Fiber Contents: 87% THOR•LON® Acrylic, 10% stretch nylon, 3% spandex

65A Contract Number: 65-07F-5466P

Lightweight and tailored for your dressy occasions. Still provides the same comfort and protection as our "dress-down" Thorlos.
